

Dear Crisis Assistance ministry,
Thank you so much for helping the
Homeless. I think it feels good to help
other people in need! You care so much
for them! You are doing a good thing/
deed. You all make our community a
better place. I feel bad for the
people who don't have anything or
can't afford it.

Dear Crisest Assistance ministry,

You are so amazing, getting, folding, and giving all of those clothes. Without any thing for yourself, except a smile. That kind of payment is the best! I had a great time at Crisest Assistance Ministry, did you know? Providence Day Kids do a community service project every year! Last year it was loves and fishes, we sorted food thier. I loved working at Crisest Assistance Ministry, because I love sorting and helping people! I am already thinking about having a couple of friends over to work in Crisest Assistance Ministry. Maby when I am older I will work in Crisest Assistance Ministry just like you!

I think you are doing lots to the community because you are helping lots of people get warm and have electricity. I really like what you are doing because you help the world be a better place. Soon the world will be a better place just because of you.

P.S. I'll ~~to~~ donate lots of clothes to you.

Dear John,

Thank you for havins use a Crisist

Assistance Ministry I loved taking time

of school to help people who need

clothes. I think that you guys are

doing an exalant job of helping

people who needed helping. I think

anyone other person that come

will have just as much fun as

I did.
